Platform Statement:

The reason why you should vote Deepak for General Rep position is simple. I am task oriented and get the job done. I have been volunteering with the Langara Students' Union for the past year for various events such as; the U-Pass referendum, Summer BBQ, and Welcome Week! My 2 years of managerial experience in the fast food industry have given me the skills to manage, recruit, train, and effectively lead and communicate. Therefore, I am seeking the position of general representative at the LSU. I feel I will be an effective leader for the student body. If elected, I will make sure that in future that students can have more access and eligibility to financial aid in the form of bursary's and scholarships. In addition, I will ensure that events we organise are of the upmost standards. I will also try that there is not high increment in U-Pass since most of the students are using transit for travelling.

I offer you my experience and knowledge. With dedication and integrity, I will work hard for you and be your voice. I thank you and ask that you please vote for me, Deepak Banga to be your general representative.
